## 示范问题 1

(Alan as Examiner): Which technology do you use more often, computers or cellphones?

(Alan as Student Tianxiang): "As a computer science student, I definitely use my computer more for my academic work. I probably spend hours every day writing code and analyzing data on my laptop. However, for my social life and daily tasks like communication and payment, I rely completely on my cellphone. So I would say they are equally important."

## 答案为什么好？

### 思路与结构：

1. **情景化回答：** 开头没有简单地说“电脑”，而是加上了 `As a computer science student` 的前提，非常真实，有说服力。
2. **具体化工作内容：** `writing code and analyzing data`，具体说明了用电脑做什么，展现了你的专业性。
3. **转折补充：** 用 `However` 引出手机的用途，展现了两种设备在生活中扮演的不同角色。
4. **平衡总结：** 最后一句总结说它们“同等重要”，展现了你全面的视角。

### 亮点词汇/短语：

- `academic work`：“学术工作”。
- `writing code`：“写代码”。
- `analyzing data`：“分析数据”。
- `rely completely on`：“完全依赖于”。
- `equally important`：“同等重要”。

### 实用句型：

- `As a..., I definitely use... for...` (作为一名..., 我肯定用...来做...)

- However, for..., I rely on... (然而, 对于..., 我则依赖于...)
- **连接词的使用:**
  - However: 非常好用的转折词, 在这里清晰地区分了电脑和手机两种不同的使用场景。
  - So: 用来引出结论, 让你的回答结构完整。

## 示范问题 2

(Alan as Examiner): What electronic devices have you bought lately?

(Alan as Student Tianxiang): "Well, I haven't bought any major electronic devices recently, since my current laptop and phone are powerful enough for my studies. The last thing I got was probably a new lens for my camera a few months ago. As I'm really into photography, I sometimes like to upgrade my gear to get better photos."

### 答案为什么好?

- **思路与结构:**

- **连接词的使用:**
  - since: 用来解释原因, 比 because 稍微正式一点点, 但同样很常用。
  - As: 同样是用来引导原因, 放在句首, 非常自然。

## 示范问题 3

(Alan as Examiner): Is there any new technology you want to buy?

(Alan as Student Tianxiang): "Yes, definitely. I've been thinking about getting a good drone recently. Since I love photography, a drone would allow me to capture some amazing aerial shots and videos. This could also be a great first step for me to learn how to make vlogs, which is a skill I really want to pick up."

### 答案为什么好?

- **思路与结构:**
  1. **明确回答:** Yes, definitely. 直接给出肯定回答。

2. **点明具体物品:** a good drone, 非常具体。
  3. **联系现有爱好:** Since I love photography..., 解释了买无人机是为了满足摄影爱好。
  4. **联系未来目标:** This could also be a great first step..., 进一步把它和你想学习的“vlog”技能联系起来, 展示了你的规划性。
- **亮点词汇/短语:**
    - drone: /drəʊn/ (无人机)。

  - **连接词的使用:**
    - Since: 在句首引导原因, 说明为什么想要无人机。
    - also: 用来添加另一个层面的理由 (除了摄影, 还能用于vlog), 让理由更充分。

## 示范问题 4

(Alan as Examiner): Is technology important in your life?

(Alan as Student Tianxiang): "Absolutely, it is essential and fundamental to my life. As a computer science student, technology is not just a tool for me; it's my field of study and my future career. From my AI research to my photography hobby, technology is at the core of almost everything I do. I truly can't imagine my life without it."

### 答案为什么好?

- **思路与结构:**
  1. **用强烈的词回答:** Absolutely, it is essential and fundamental, 连用两个强烈的词, 强调了重要性。
  2. **定义科技对你的意义:** not just a tool...; it's my field of study, 这个回答非常深刻, 直接点明了你和科技的特殊关系。
  3. **举例覆盖多方面:** From my AI research to my photography hobby..., 举例覆盖了“学习”和“爱好”两个方面, 非常全面。
  4. **用有力的句子结尾:** I truly can't imagine my life without it. 结尾非常有力, 总结了你的观点。

  - From... to...: 这个结构在这里用得非常好, 展示了科技影响的广度。

## 示范问题 5

(Alan as Examiner): Is there any technology you don't like?

(Alan as Student Tianxiang): "That's a tough question, as I'm generally very positive about technology. But if I had to choose, I'd say I'm not a big fan of technologies that are designed to be too addictive. For instance, some short-video apps use algorithms to keep you scrolling for hours, which can be a huge waste of time and hurt your productivity."

### 答案为什么好?

- 思路与结构:

1. **先表明总体态度:** `I'm generally very positive...`, 先说明自己的总体看法, 这与你提供的信息一致, 显得很真诚。
2. **用假设来回答:** `if I had to choose...`, 这个句型非常适合回答这种“非黑即白”的难题。
3. **点明不喜欢的技术类型:** `technologies that are... too addictive`, 给出了一个类型, 而不是一个具体的产品, 更有普遍性。
4. **举例并解释危害:** 用 `For instance` 举出短视频app的例子, 并说明其危害 (浪费时间, 影响效率)。

- 亮点词汇/短语:

- `But`: 表示转折, 从“总体喜欢”转到“不喜欢的一个特例”。
- `For instance`: 用来引出具体的例子, 让你的观点更容易被理解。

## 示范问题 6

(Alan as Examiner): How do you think technology trends today compare to when you were young?

(Alan as Student Tianxiang): "Oh, the difference is night and day. When I was a kid, the internet was mostly on desktop computers, and phones were just for calling. Now, everything is mobile, interconnected, and getting more intelligent because of AI. The pace of technological evolution today is just unbelievably fast."

### 答案为什么好?

- 思路与结构:

1. **用比喻强调区别:** `the difference is night and day` (天壤之别), 这个比喻非常生动, 一下子就抓住了重点。

2. **描述过去:** `When I was a kid...`, 简单清晰地描述了过去的情况 (桌面电脑、功能单一的手机)。
  3. **描述现在:** `Now...`, 用几个核心词 (`mobile`, `interconnected`, `intelligent`) 高度概括了现在的特点。
  4. **总结变化的速度:** 最后一句对科技“进化速度”(`pace of evolution`)进行总结和感叹。
- **亮点词汇/短语:**
    - `night and day`: “天壤之别”, 非常地道的习语。
