Sometimes, she wears clothes that look like they are from many years ago, like a long dress or a funny hat, but then she might wear them with modern shoes.

3. 解释为什么她的衣服与众不同：她有独特的品味，不追随大众。

I think her clothes are unusual because her style is very special and different from most people. She doesn't follow what everyone else is wearing. Instead, she just wears what she likes and what makes her feel good. It's not common to see someone with such a unique taste, and I really admire her for that.
