3. Are smart people happier than others?
4. What games can help children become more intelligent?
5. Do you think it is necessary for managers to share their experience with their subordinates?
6. Do you think an intelligence test is a must in company recruitment?

回答

Describe an intelligent person you know.

描述一个你认识的聪明人。

A:

1. 思路：介绍我的导师 Prof. Deng，并说明我们之间的关系。
I want to talk about my **advisor**, Prof. Deng. **He is my teacher** at **Electronic Science and Technology University**. **I got to know him when I started my computer science major** there.
我想谈谈我的导师，邓教授。他是电子科技大学的老师。我是在我开始攻读计算机专业的时候认识他的。
2. 思路：说明导师的主要工作和对我的帮助。
He mainly **teaches** us about **computer science**, and **he also** guides **students** like me to do **research**. For me, **he always gives me** very **good advice** about my **studies** and **research projects**.
他主要教我们计算机科学，他也指导像我这样的学生做研究。对我来说，他总是给我在学习和研究项目上非常好的建议。
3. 思路：解释为什么我认为他很聪明，通过他的行为和对我的影响来体现。
I think he is very intelligent because he is super smart and friendly. **He always has many good ideas** for **solving problems** in **research**. **Also, he helped me get many chances** to do **research**, and **I even got to publish** some **papers** **because of him**. **He always encourages me to think big and do better**. **His help really made me a better student**.

我认为他很聪明，因为他非常睿智和友善。他总是有很多好的想法来解决研究中的问题。而且，他帮助我得到了很多做研究的机会，我甚至因为他发表了一些论文。他总是鼓励我大胆思考，做得更好。他的帮助真的让我成为一个更好的学生。

分析

话题词汇/短语

1. **advisor**: 导师 (比 'teacher' 更具体、专业，尤其是在大学研究背景下)
2. **computer science**: 计算机科学 (专业领域)
3. **research**: 研究 (学术活动)
4. **good advice**: 好的建议
5. **solving problems**: 解决问题
6. **publish papers**: 发表论文
7. **think big**: 思考大局，有远大的想法

实用词汇/短语/句式

1. **He is my...**: 介绍身份的基本句型。
2. **I got to know him when I...**: 介绍认识方式和时间的常用句型。
3. **he also...**: 连接词，表示补充信息。
4. **to do...**: 表达目的。
5. **he always gives me...**: 强调一种习惯性行为或持续的帮助。
6. **I think he is... because he is...**: 表达观点并给出原因的经典句型。
7. **He always has...**: 表达拥有或具备某种特质。
8. **Also, he helped me get...**: 连接词，引出另一个支持论点的例子或信息。
9. **I even got to... because of him**: 强调某种程度的成功或受益，并说明原因。
10. **He always encourages me to...**: 描述他人激励我的方式。
11. **His help really made me a better student**: 总结性地说明对方的帮助带来的积极影响。

回答

1. Who do you think plays a more important role in a child's development, teachers or parents?
2. 你认为在孩子的成长中，老师和父母谁扮演更重要的角色？

A:

1. 思路：先表达两者都重要，然后分别说明父母和老师的侧重点。
I think both are very important for a **child's development, but they help in different ways.**
我认为对于孩子的成长两者都非常重要，但他们以不同的方式提供帮助。
2. 思路：说明父母在家庭教育、品德培养上的作用。
On one hand, **parents are the **first teachers**. They teach **children** **rules** for **life** and **how to be kind** and **good**. They give **love** and a **safe home**, which is very important for **children** to feel **happy** and **loved**.**

一方面，父母是孩子的启蒙老师。他们教导孩子生活准则，以及如何友善和善良。他们给予爱和安全的家，这对孩子感到快乐和被爱非常重要。

3. 思路：说明老师在知识传授、社会技能培养上的作用。

On the other hand, teachers in school help children learn knowledge like math and reading. They also teach them how to make friends and work with others in a group. So, teachers prepare children for the outside world.

另一方面，学校的老师帮助孩子学习数学和阅读等知识。他们还教孩子如何在小组中交朋友和与他人合作。所以，老师为孩子们进入外部世界做准备。

4. 思路：总结，重申两者缺一不可。

So, I believe they both help in different ways and children need both to grow up well. 所以，我相信他们都以不同的方式提供帮助，孩子需要两者才能良好成长。

分析

话题词汇/短语

1. child's development: 孩子的成长
2. first teachers: 启蒙老师
3. rules for life: 生活规则/准则
4. how to be kind and good: 如何友善和善良
5. safe home: 安全的家
6. knowledge: 知识
7. make friends: 交朋友
8. work with others: 与他人合作
9. outside world: 外部世界

实用词汇/短语/句式

1. I think both are very important, but they help in different ways: 表达双重观点并指出差异的常用句型。
2. On one hand... On the other hand...: 结构清晰地列举两个不同方面。
3. They teach children... and how to be...: 描述父母教导内容的句型。
4. which is very important for... to feel...: 强调重要性和结果的句型。
5. They also teach them how to...: 描述老师教导技能的句型。
6. So, I believe they both help in different ways and children need both to grow up well: 总结观点并强调两者重要性的句型。

回答

2. Do you think smart people tend to be selfish?
3. 你认为聪明人往往自私吗?

A:

1. 思路：直接回答不认为，并解释聪明和自私是不同的概念。
I don't think so, not always. Being smart is about having a good brain and thinking fast. Being selfish is about only thinking about yourself and not caring about others.

我认为不总是这样。聪明是关于拥有好的头脑和思考敏捷。自私是关于只考虑自己而不关心他人。

2. 思路：说明自私与否取决于一个人的性格，而非智力。

So, smart people can be kind and helpful, just like anyone else. It depends on their heart and how they are raised, not just how smart they are.

所以，聪明人可以善良乐于助人，就像其他人一样。这取决于他们的内心和他们如何被养育，而不仅仅是他们有多聪明。

3. 思路：举例说明聪明人也可以对社会有贡献。

For example, many smart scientists help the world with new ideas and medicine. They are not selfish.

例如，许多聪明的科学家用新的想法和药物帮助世界。他们他们并不自私。

分析

话题词汇/短语

1. being smart: 聪明
2. good brain: 好的头脑
3. thinking fast: 思考敏捷
4. being selfish: 自私
5. only thinking about yourself: 只考虑自己
6. not caring about others: 不关心他人
7. heart: 内心 (引申为品德)
8. how they are raised: 他们如何被抚养
9. smart scientists: 聪明的科学家
10. help the world: 帮助世界

实用词汇/短语/句式

1. I don't think so, not always: 表达不完全认同的直接方式。
2. Being smart is about... Being selfish is about...: 定义两个概念，清晰对比。
3. So, smart people can be... just like anyone else: 连接词，引出结论，并进行类比。
4. It depends on their... and how they are raised, not just how smart they are: 强调决定因素，并指出不是唯一因素。
5. For example, many smart scientists... They are not selfish: 用具体例子支持论点。

回答

3. Are smart people happier than others?
4. 聪明人比别人更快乐吗?

A:

1. 思路：直接回答不一定，幸福感来源很多。

Not really. I don't think smart people are always happier than others. Happiness comes from many things, not just how smart you are.

不一定。我不认为聪明人总是比其他人更快乐。快乐来自于很多事物，而不仅仅是你有多聪明。

2. 思路：说明聪明人可能思考更多，反而会有更多烦恼。

Sometimes, smart people might think more about problems or big questions in the world, which can make them feel worried or sad.

有时，聪明人可能会更多地思考世界上的问题或大疑问，这可能会让他们感到担忧或悲伤。

3. 思路：强调幸福感更多地来自人际关系和生活状态。

For most people, happiness is more about having good friends and family, doing things they like, and feeling healthy. So, being smart doesn't always mean being happier.

对于大多数人来说，快乐更多地是关于拥有好朋友和家人，做他们喜欢的事情，以及感觉健康。所以，聪明并不总是意味着更快乐。

分析

话题词汇/短语

1. happier: 更快乐
2. happiness: 快乐/幸福
3. problems: 问题
4. big questions: 大问题/哲学问题
5. worried: 担忧的
6. sad: 悲伤的
7. good friends: 好朋友
8. family: 家庭/家人
9. doing things they like: 做他们喜欢的事情
10. feeling healthy: 感觉健康

实用词汇/短语/句式

1. Not really. I don't think...: 温和地表达不同意的开场白。
2. Happiness comes from many things, not just how smart you are: 解释幸福来源的句型。
3. Sometimes, smart people might think more about... which can make them feel...: 描述潜在负面影响的句型。
4. For most people, happiness is more about...: 表达普遍观点的句型。
5. So, being smart doesn't always mean being happier: 总结并强调非必然关系的句型。

回答

4. What games can help children become more intelligent?
5. 什么游戏可以帮助孩子变得更聪明?

A:

1. 思路：总体说明益智类游戏对孩子智力的帮助。

I think many games can help children become more intelligent, especially those that make them think.

我认为很多游戏都能帮助孩子变得更聪明，特别是那些让他们思考的游戏。

2. 思路：具体举例拼图和积木，说明它们如何培养解决问题的能力。

For example, puzzle games are very good. Children need to think about where each

piece goes to make a picture. Also, building blocks or Lego games are great. They make children use their imagination and plan how to build something.

例如，拼图游戏非常好。孩子们需要思考每一块放在哪里才能拼成一幅画。此外，积木或乐高游戏也很棒。它们让孩子们运用想象力并计划如何建造一些东西。

3. 思路：再举例桌面游戏，说明其对策略和规则理解的帮助。

Board games like chess also help a lot. Children need to think about their next move and what others might do. These games make children solve problems, make choices, and think ahead.

像国际象棋这样的桌面游戏也很有帮助。孩子们需要思考他们的下一步行动以及其他可能会做什么。这些游戏让孩子们解决问题、做出选择和提前思考。

分析

话题词汇/短语

1. become more intelligent: 变得更聪明
2. puzzle games: 拼图游戏
3. building blocks: 积木
4. Lego games: 乐高游戏
5. use their imagination: 运用他们的想象力

7. board games: 桌面游戏
8. chess: 国际象棋
9. next move: 下一步行动
10. solve problems: 解决问题
11. make choices: 做出选择
12. think ahead: 提前思考

实用词汇/短语/句式

1. I think many games can help... especially those that make them...: 表达看法并强调特定类型。
2. For example, ... are very good: 引出具体例子。
3. Children need to think about... to make...: 描述游戏规则和目的。
4. Also, ... are great: 补充另一个例子。
5. They make children use their imagination and plan how to build something: 描述游戏如何锻炼能力。
6. ... also help a lot: 强调另一个例子也有很大帮助。
7. These games make children solve problems, make choices, and think ahead: 总结游戏对多种能力的培养。

回答

5. Do you think it is necessary for managers to share their experience with their subordinates?
6. 你认为管理者有必要与下属分享他们的经验吗？

A:

1. 思路：直接肯定，强调分享经验的重要性。

Yes, I think it's very important for managers to share their experience with their subordinates.

是的，我认为管理者与下属分享他们的经验非常重要。

2. 思路：说明分享经验能帮助下属学习和避免错误。

When managers share their stories and what they learned, subordinates can learn faster and not make the same mistakes. It's like giving them a shortcut to success.

当管理者分享他们的故事和他们学到的东西时，下属可以学得更快，并且不会犯同样的错误。这就像给了他们通往成功的捷径。

3. 思路：指出分享也能建立更好的团队关系。

Also, sharing experience makes the team stronger and everyone feels more connected. It helps subordinates understand their boss's way of thinking, which is good for working together.

而且，分享经验使团队更强大，每个人都感到更紧密。它帮助下属理解老板的思维方式，这对一起工作很有好处。

分析

话题词汇/短语

1. managers: 管理者
2. experience: 经验
3. subordinates: 下属
4. stories: 故事
5. what they learned: 他们学到的东西
6. learn faster: 学得更快
7. not make the same mistakes: 不犯同样的错误
8. shortcut to success: 成功的捷径
9. team stronger: 团队更强大
10. everyone feels more connected: 每个人都感到更紧密
11. boss's way of thinking: 老板的思维方式
12. working together: 一起工作

实用词汇/短语/句式

1. Yes, I think it's very important for... to share...: 表达强烈肯定和重要性的句型。
2. When managers share..., subordinates can learn faster and not make the same mistakes: 使用 when 引导时间状语从句，说明行动带来的直接好处。
3. It's like giving them a shortcut to success: 使用比喻来形象说明益处。
4. Also, sharing experience makes the team stronger and everyone feels more connected: 连接词 Also 引入另一个好处，并使用 make 的使役用法。
5. It helps subordinates understand... which is good for...: 描述帮助作用并指出其好处。

回答

6. Do you think an intelligence test is a must in company recruitment?
7. 你认为智力测试是公司招聘的必需品吗？

A:

1. 思路：直接回答不认为是必需品，但可以作为辅助工具。
No, I don't think it's a must for companies to use intelligence tests in recruitment. It can be one way to see if someone is smart, but it's not the only thing.
不，我认为公司在招聘中不一定需要使用智力测试。它可以是了解一个人是否聪明的一种方式，但它不是唯一的方式。
2. 思路：说明除了智力，其他因素也同样重要，比如经验和个性。
For a job, companies also need to look at other important things like their work experience, skills, and if they can work well with others. Sometimes, someone might not be the smartest in a test, but they are very hard-working or good at teamwork.
对于一份工作，公司还需要看其他重要的事情，比如他们的工作经验、技能，以及他们是否能与他人良好合作。有时，一个人可能在测试中不是最聪明的，但他们非常努力或擅长团队合作。
3. 思路：总结智力测试的局限性，强调全面评估的重要性。
So, intelligence tests are just one small part of the picture. They can help, but they shouldn't be the only reason to hire or not hire someone.
所以，智力测试只是整体情况的一小部分。它们可以提供帮助，但不应该成为雇佣或不雇佣一个人的唯一原因。

分析

话题词汇/短语

1. intelligence tests: 智力测试
2. recruitment: 招聘
3. work experience: 工作经验
4. skills: 技能
5. work well with others: 与他人良好合作
6. hard-working: 勤奋的
7. good at teamwork: 擅长团队合作
8. hire: 雇佣

实用词汇/短语/句式

1. No, I don't think it's a must for... to use...: 明确表达否定观点。
2. It can be one way to see if someone is..., but it's not the only thing: 承认其一定作用，但指出其局限性。
3. For a job, companies also need to look at other important things like...: 引出其他需要考虑的因素。
4. Sometimes, someone might not be the smartest in a test, but they are very hard-working or good at teamwork: 举例说明单一测试的不足，强调综合素质。
5. So, intelligence tests are just one small part of the picture: 总结并用比喻说明其在整体评估中的地位。
6. They can help, but they shouldn't be the only reason to hire or not hire someone: 再次强调辅助作用而非决定作用。
