

迷路

回答

Describe a time you got lost. 描述一次你迷路的经历。

A: 1. 介绍背景和迷路的原因。

I want to tell you about a time I got `lost` in a big shopping `mall`. It happened last year when I went to a new `mall` to buy some snacks. I heard there was a `special activity` there, where you could `win a prize` if you bought enough things.

我想告诉你一次我在一个大`商场`里`迷路`的经历。那件事发生在去年，我去了那个新的`商场`想买些零食。我听说那里有一个`特别活动`，如果你买够一定金额的东西，就可以`赢得奖品`。

2. 描述迷路的过程和感受。

The mall was very big and it was my first time visiting, so I didn't know the layout well. I was trying to find the snack shop where the activity was. I walked and walked for a long time, but I just couldn't find it. I started to feel a little lost and worried because there were so many people and different shops.

那个商场非常大，而且我是第一次去，所以对它的布局不是很熟悉。我当时正努力寻找那个有活动的零食商店。我走了很长很长时间，但就是找不到。我开始感到有点迷路和担心，因为那里有很多人和各种不同的商店。

3. 说明如何找到方向并最终解决了问题。

Luckily, I saw a very kind shop assistant standing nearby. So, I walked up to her and asked her for directions to the snack shop. She was really helpful and clearly explained how to get there. Following her directions, I finally found the shop! And the best part? I took part in the activity and actually won a big prize!

幸运的是，我看到一位非常友善的店员站在附近。于是，我走上前去，向她询问去那个零食商店的路线。她真的很有帮助，清晰地解释了怎么走。按照她的路线，我终于找到了那家商店！最棒的是什么？我参加了那个活动，竟然真的赢得了大奖！

4. 总结感受和学习到的经验。

So, it was a little scary at first when I was lost, but it turned into a very happy memory because of the prize. It taught me that sometimes, even if you feel lost, asking for help is the best way to find your way and maybe even find something good!

所以，一开始我迷路的时候有点害怕，但因为那个奖品，它变成了一个非常开心的回忆。它告诉我，有时候，即使你感到迷路了，寻求帮助是找到方向的最佳方式，甚至可能发现一些好事情！
